Dear Mrs. Mandy,

I received ~~of~~^{your} letter of March 31st.

I can readily see why you don't take every rookie that wants to go. I play the game because I love it. There is always someone better than you are in any sport.

I would like very much to work out with your team when they return from Spring training.

As for my condition, I have been working out daily and getting in shape. I believe in keeping fit, so if opportunity knocks I will be ready to take full advantage of it.

Very truly yours,
